**Subject:** RE: Seq. Search Request

The accession number for GI:10944275 is CAC14068

The accession number for GI:9581784 is AL118522.

The requested information can be obtained from GenBank/GenPept by entering the number (minus the "GI:").

David,

What are the locus name(s)/accession number(s) for GI:10944275 and GI:9581784?
